

Messenger Options

MadeByGrandad messenger bags are hand-made to order, featuring a variety of high-quality materials. Popular choices for the outer fabric include genuine **Harris Tweed wool** and **waxed cotton**, while the inside is lined with durable **poly-cotton drill**. These bags are designed with both style and function in mind, offering a wide range of colours and patterns for an exciting contrast between the outer and inner fabrics.

Straps come in either real leather or synthetic webbing, and the bags are available in different sizes to suit various gadgets and personal accessories. To ensure content safety, the bags are padded and fully lined, offering a mix of **zipped and open pockets** for organisation. They are also tailored for **right-handed or left-handed** users, adding an extra layer of customisation.
